Dear Happy Time Square Members and Friends:

Thanks to the CULINARY EXCELLENCE of [STAN ZAREMBA](#) & [FRANK ALEXANDER](#), helped by a cadre of very willing and capable HTS members peelin' & cookin' deep fries, all of the **228 folks who attended the Boots, Bows & Barbecue were very well-fed before the dance, which was called by Vic Perry. (Stan & Frank were also well-assisted by their wives, [LOIS ZAREMBA](#) & [BETTY ALEXANDER](#), who helped to plan and then manage the event-- both almost needed track shoes!!)**

WHAT AN HTS PARTY!! Connie & I had so many compliments regarding the cooking & organization that we plan to "[bronze](#)" the [Zarembo-Alexander Plan](#)!! Our appreciation to, and congratulations to the Zarembas and Alexanders.

There are too many HTS members who ALSO CONTRIBUTED GENEROUSLY to the barbecue's success, that we are unable to list and cite all of your individual contributions of cooking, baking, serving, slicing, selling tickets, collecting tickets,, hosting, cleaning, setting-up and tear-down. Each of you comprised a wonderful group, which worked very efficiently, and earned MANY COMPLIMENTS from our guests. A resounding "Thank You" to all of you who helped!! We had 96 of our own HTS members in attendance -- that is a record for this club -- each of you were a very important part of last evening's accomplishments and FUN. Have you noticed how much our guests enjoy being with YOU!! 😊😊

The meal and introductory dance was taught and called by our own Vic Perry, who carried out the evening of entertainment to the heights. -- George Strait watch out!!
